Our team at the Chair Group of Production and Resource Economics is currently looking for an

**Italian-speaking student assistant**

The EU H2020 funded research project IPM Popillia Project explores the spread, costs and possible control strategies against the invasive Japanese beetle. Please visit [https://www.popillia.eu/](https://www.popillia.eu/) for further information on the IPM Popillia project. We are looking for a student assistant to disseminate an online survey among Italian winegrowers. The student should be able to start by mid-July 2023. The position is expected to be 3-5 hours per week and is limited to 3 months. Mobile working is possible.

**Requirements**

- Enrollment at a German University
- Good knowledge of German or English
- Fluency in Italian - native speaker level (mandatory)
- Good communications skills
- Basic understanding of viticulture production processes is desirable but not mandatory

**Tasks**

- Dissemination of an online survey (incl. searching for suitable contacts and social media sites, communicating with wine associations, technical advisors, and farmers via email and phone)

**What we offer**

- Participation in an international research project
- Flexible working hours with the possibility of mobile working
- Training and support in all tasks by our team members

The remuneration is based on the uniform remuneration rates for students or research assistants.

We look forward to receiving your application, including a CV, enrollment certificate and current overview of grades. Please send it by email to Ms Franziska Straubinger (email: Franziska.straubinger@tum.de).

**Application deadline:** the position will be filled as soon as a suitable candidate has been found.

If you have any questions, please do not hesitate to contact Ms. Straubinger.
