

Application for Deadline Prolongation/ Suspension

at the TUM School of Life Sciences

After filling out the form, please mail it to examination.co@ls.tum.de.

Last name First Name Student ID (Matrikelnummer)

Course of Study Degreeprogramm

I request the following: for the following semester:

(year)

Difference deadline prolongation/suspension (APSO section 10, paragraph 6a):

Prolongation: The required study progress will be reduced by one semester for the duration of your whole study program.

Example: You are currently in your third semester and get a deadline prolongation. Therefore, you only need to complete the second semester's required study progress. In the following fourth semester, you must fulfill the required study progress of the third semester, and so on.

Suspension: The study progress you must have will not be checked once.

Example: You are in your third semester and get a deadline suspension. Therefore, you don't need to fulfill any required study progress for this semester. In the following fourth semester, you must fulfill the regularly required study progress of the fourth semester.

Please note: A deadline prolongation/suspension can only be granted if you cannot fulfill your study progress requirements (APSO section 10, paragraph 6a, sentence 1). It is not possible to give you a prolongation or suspension "just in case" without any need for it. You can find the required study progress for your course of study in your Academic and Examination Regulations (FPSO).

Please include all the necessary proof for your explanation. In case of illness, please include a medical certificate. The certificate has the same requirements as a certificate for [withdrawal from an examination](#).
